

Rain Barrel Workshop

Huntington Woods

Build your own rain barrel*

Learn why rain barrels are so amazing and how to put one together. Reduce storm-water runoff and promote rain gardens. Save money on your water bill and help your plants by providing them with “softer” un-treated water. Gardeners know that *“rain water is the very best water”* so why not give your plants what they’ve always wanted.

*Cost is only \$50 and includes:

- Rain Barrel (all parts included)
- Instruction & Education

Questions? Please call DPW at (248) 547 - 1888
